“I Do It My Way” by Terry Bendall

Terry has been at the forefront of S4 Modelling for many years, with 43 years experience of modelling to P4 standards. In the early years he was one of the founder members of the Group that built Pulborough as featured at many shows and in the MRJ. Presently, with his son Simon, he has a modern image S4 layouts on the exhibition circuit and is the Scalefour Exhibition Manager. So make a date in your diary for November 10th.

The S4 Eastwood layouts will be erected and available for running, the EM gauge Hope under Dinmore could be up, so members are encouraged to bring models to display and run, before the talk, during the break and after the talk.

Tea/coffee and biscuits will be available at the meetings.

At the end of the evening members are invited to join the Portsmouth locals at "The Churchillian" next to the clubrooms before they go home .

The meeting is open to all, whatever scale and standards you work in.
